

MIFTAH SAIFULLOH, B.Comp.Sc

Nick name “mip”

OBJECTIVE

Become a professional in Computer Science and Industrial Engineering

EDUCATION CERTIFICATION

UNIVERSITAS PENDIDIKAN INDONESIA (UPI), Computer Science BACHELOR DEGREE
STT / IT Telkom, Industrial Automation DIPLOMA

RELATED EXPERIENCES

SANTOSA HOSPITAL BANDUNG KOPO / SANBE PRAKARSA HUSADA / SANTOSA BANDUNG
INTERNATIONAL (1 Mei 2024 - 8 Sep 2025)

OPERATIONAL, MANAGEMENT TECHNOLOGY INFORMATION SYSTEM AND STAFF IT

Responsibilities Santosa Hospital Bandung Kopo :

1. Mandatory : Operator and Operational IT
2. Installation Networking and Troubleshooting Server
3. System Analyst, Analyst Data, and Management Application Database
4. Reporting, Import, Upload, and Managment Database
5. Optional : Repairing Printer, Service Computer, Installation OS, Software, and Application

Projects Programming Initiative (Non Priority):

SOFTWARE BINATU LAUNDRY, APPLICATION INVOICING BILLING, AND WEBSITE HUMAN CAPITAL (LEAVE OFFICE FORM)

1. Programming Project Software using **Microsoft Visual Studio .NET**, VB, Reports and Database Microsoft SQL Server
2. Programming Project Application using **Microsoft Visual Studio .NET**, VB, Reports and Database Microsoft SQL Server
3. Programming Project Website using **Microsoft Visual Studio .NET**, C# / ASP .NET CORE, MVC, OOP, HTML5, CSS3, Java Script, and Database Microsoft SQL Server

Trainings Programming (Non Priority):

1. Programming Project Application using **Microsoft Visual Studio .NET**, WPF Winform GUI, XAML, C#, and Database Microsoft SQL Server
2. Programming Project Application using **Microsoft Visual Studio .NET**, Platform Mobile Android MAUI, XAML, C#, and Database Microsoft SQL Server

Technology Digital : OPERATIONAL, MANAGEMENT DATABASE, TECHNOLOGY INFORMATION SYSTEM, AND SUPPORT - Troubleshooting Printer, SQL, Query, Reporting, Pull Data, Upload Data, Application, Software, Microsoft Windows, Microsoft Server, Database Microsoft SQL Server, and WPS Office.

PT. HASTA DAYA TEKNIK (7 January 2023 to 7 January 2024)

INSTRUMENTATION HMI, DATA CSV, SCADA (Internet Of Thing), STAFF IT AND AUTOMATED INDUSTRY Smoke Detector Test Bench Aircraft Jobs Task by PT BATAM LION AIR, and PT PUDAK SCIENTIFIC Responsibilities :

1. Programming C and Create a test form interface for the boeing aircraft equipment to be tested
2. Programming C and Create test form UI design and create an interface for the boeing aircraft equipment options that will be tested
3. Programming C and Create a UI design for the boeing aircraft equipment options that will be tested
4. Programming C and Create a test form program and program options for the boeing aircraft equipment to be tested, and create a smoke detector system adjustment calibration program
5. Programming C and Creating an integration and monitoring interface for smoke detector machines
6. Programming C and Create a UI design for smoke detector machine data records
7. Programming C and Create a test record system for the boeing aircraft equipment to be tested
8. Programming C and Create data record storage via USB on control devices
9. Programming C and Create a control adjustment program on the HMI and make technical adjustments to control equipment

Technology Digital : Programming C, HMI, DATA CSV, SCADA, PLC, IoT, Engineering and Cloud

PT. DAYA ADICIPTA MOTORA (5 June 2023 to 11 October 2023)

Fullstack Programming Internet Dart Framework Flutter

Daya Supervisi Application Internet, Jobs Task by PT WGS

Responsibilities :

1. Developer Programming Dart Framework Flutter List Data, Create, Update, Delete, and make a Design Unit Interface.
2. Developer Programming Dart Framework Flutter Design Unit Interface Sign In.
3. Developer Programming Dart Framework Flutter Design Unit Interface Top Banner Navigator.
4. Developer Programming Dart Framework Flutter Design Unit Interface All Menu Side Bar.
5. Developer Programming Dart Framework Flutter Design Unit Interface Bottom.
6. Developer Programming Dart Framework Flutter Design Unit Interface All Table Data.
7. Developer Programming Dart Framework Flutter Design Unit Interface All Search Data Table.
8. Developer Programming Dart Framework Flutter Design Unit Interface All Sort Data Table.
9. Developer Programming Dart Framework Flutter Design Unit Interface All Action Table.
10. Developer Programming Dart Framework Flutter Design Unit Interface All Forms Pop Up.
11. Test Programming Browser Internet.

Technology Digital : Fullstack Developer, Dart, Xmln, Responsive, Git and Yaml

PT. DAYA MEDIKA PRATAMA (17 February 2023 to 17 May 2023)

Fullstack Programming Java Springboot and Database Oracle

AFYA Insurance Application Internet, Jobs Task by PT. DAYA MEDIKA PRATAMA

Responsibilities :

1. Developer Programming Java Springboot make List Data, Create, Update, Delete.
2. Developer Programming Java Springboot Table Data.
3. Developer Programming Java Springboot, JQuery Search Data Table.
4. Developer Programming Java Springboot, JQuery Sort Data Table.
5. Developer Programming Java Springboot, Themeleaf, HTML5, Bootstrap, CSS3, Action Table.
6. Developer Programming Java Springboot All Forms Pop Up.
7. Developer Programming Java Springboot Validation Upload excel, txt
8. Developer Programming Java Springboot Export Report excel
9. Database Query Procedure
10. Test Programming Browser Internet.

Technology Digital : Java, Springboot, HTML 5, Ajax, JQuery, CSS3, Database Oracle 11a

TRANSTRACK.ID (startup) (17 October 2022 to 17 January 2023)

Fullstack Programming PHP Framework Laravel and MySQL

WMS (Warehouse Management System) Application Internet, Jobs Task by PT KRAKATAU STEEL

Responsibilities :

1. Developer Programming PHP Framework Laravel List Data, Create, Update, Delete for Restfull Api.
2. Developer Programming PHP Framework Laravel make a Design Unit Interface HTML, CSS with Bootstrap Template Different.
3. Create Programming PHP with Framework Laravel 9.
4. Developer Programming PHP Framework Laravel design Unit Interface HTML, CSS All Menu Navigator.
5. Developer Programming PHP Framework Laravel table Data.
6. Developer Programming PHP Framework Laravel make a Middleware.
7. Test Programming for Postman Api and Browser Internet.

Technology Digital : Fullstack Developer, Node JS, PHP, Laravel 9, Restfull API, Postman, MySql, Javascript, Bootstrap, Template HTML 5 and CSS3

RAPP April Pulp and Paper At APRIL Group,

Fullstack Programming PHP Framework Laravel and MySQL

Asia Pacific Resources International Holdings Limited we believe that the principles of Sustainable Forest Management Transportation, Application Internet

Responsibilities :

1. Developer Programming PHP Framework Laravel List Data, Create, Update, Delete for Restfull Api JSON
2. Developer Programming PHP Framework Laravel customize
3. Developer Programming PHP Framework Laravel make a Middleware
4. Test Programming for Postman Api.

Technology Digital : Backend Developer, Node JS, PHP, Laravel 9, Restfull API, Postman, and MySql

PT. DWIDASA SAMSARA INDONESIA (6 September 2021 to 6 September 2022)
Programming Project (Programmer) Java Developer Springboot and PostgreSQL
Fincloud 2.0 Financial, Application Internet

Responsibilities

1. Developer Programming Java Springboot application based on client requirements.
2. Troubleshoot and fix bugs.
3. Patching and upgrading system.
4. Send progress report, make suggestions and discuss the task with client's Project Manager.
5. Review code and merge to master branch after developers push to Git repository

Technology Digital : Java, Spring Boot, Scrum, Trello, Swagger UI API, Gateway EUREKA, Message Kafka, Broker Redis, Wallboard, VM Docker, PostgreSQL, DBeaver, AWS, Kubernetes

L.O.S Resrfull API Service Reguler Financial
Programming Project (Programmer) Java Developer Springboot and PostgreSQL
Microservice Gateway, Application Internet

Responsibilities

1. Developer Programming Java Springboot application based on client requirements.
2. Troubleshoot and fix bugs.
3. Patching and upgrading system.
4. Send progress report, make suggestions and discuss the task with client's Project Manager.
5. Review code and merge to master branch after developers push to Git repository

Technology Digital : Java, Spring Boot, Scrum, Trello, Swagger UI API, Gateway EUREKA, Message Kafka, Broker Redis, Wallboard, VM Docker, PostgreSQL, DBeaver, AWS, Kubernetes

KYC BE and KYC FE (Know Your Customer), Application Internet
Programming Project (Programmer) Java Developer Springboot, Apache Maven, Kotlin
Developer and PostgreSQL

Responsibilities

1. Developer Programming Kotlin Springboot application based on client requirements.
2. Developer Programming Java Spring backend based on requirements set by Scrum Master.
3. Write front-end code using Bootstrap, Themeleaf, HTML5, CSS3, Javascript, Ajax, JQuery, Vue JS, and Quasar
4. Troubleshoot and fix bugs.
5. Patching and upgrading system.
6. Daily stand up, send progress report, make suggestions and discuss the task with client's Project Manager.

Technology Digital : Kotlin, Spring Boot, Trello, Swagger UI API, Gateway EUREKA, Message Kafka, Broker Redis, Wallboard, VM Docker, PostgreSQL, DBeaver, AWS, Kubernetes

BPD KALIMANTAN SELATAN

Test Project io and Appium

Regional Development Internet Banking and Application Mobile Android

Responsibilities

1. Troubleshoot and fix bugs.
2. Test Input system and Output system.
3. Send progress report, make suggestions and discuss the task with client's Project Manager.

Technology Digital : Test Projects io

PT TERADATA MEGAH (15 May 2019 to 31 August 2021)

Staff Product Innovation Development Graphical Environment

Programming Java Pojo Developer, Apache Tomcat, Java Android, and MySQL

BPD KALIMANTAN SELATAN, Regional Development Internet Banking

Responsibilities

1. Developer Programming Java POJO application based on client requirements.
2. Developer Programming Java based on requirements set by Gitlab Master.
3. Write front-end code using JSP, XML, HTML/CSS, Ajax, and JQuery (fullstack)
4. Develop a Report on jasper.
5. Daily stand up, provide suggestions, discuss challenges, update coding, and work collaboratively.
6. Troubleshoot and fix bugs.
7. Patching and upgrading system.
8. Send progress report, make suggestions and discuss the task with client's Project Manager.
9. Review code and merge to master branch after developers push to Git repository
10. Deploy to staging and production servers.

Technology Digital : Java, Flutter, Dart, MVC, JSP, XML, HTML5, CSS3, Ajax, and JQuery, Apache, Tomcat, Jasper, Mysql Community

Tamim Kain Sutra (Textile)

Programming Java Pojo Developer, Apache Tomcat, Java Android, and MySQL

Application Internet

Responsibilities

1. Developer Programming Java application based on client requirements.
2. Developer Programming Java based on requirements set by Gitlab Master.
3. Write front-end code using JSP, XML, HTML/CSS, Ajax, and JQuery (fullstack)
4. Develop a QR Code to Java based.
5. Develop a Import Raw Excel to Java based.
6. Develop a Report on jasper.

7. Daily stand up, provide suggestions, discuss challenges, update coding, and work collaboratively.
8. Troubleshoot and fix bugs.
9. Patching and upgrading system.
10. Send progress report, make suggestions and discuss the task with client's Project Manager.
11. Review code and merge to master branch after developers push to Git repository
12. Deploy to staging and production servers.

Technology Digital : Java, Flutter, Dart, MVC, JSP, XML, HTML5, CSS3, Ajax, and JQuery, Apache, Tomcat, Jasper, Mysql Community

DSBILL Digital Solution Billing School

Programming Java Pojo Developer, Apache Tomcat, Mobile Programming Dart Framework Flutter Android and iOS, and MySQL

Application Internet, Application Mobile Android and iOS

Responsibilities

1. Developer Programming Java Pojo application based on client requirements.
2. Developer Programming Java based on requirements set by Gitlab Master.
3. Write front-end code using JSP, XML, HTML/CSS, Ajax, and JQuery (fullstack)
4. Daily stand up, provide suggestions, discuss challenges, update coding, and work collaboratively.
5. Create Programming Dart Framework Flutter Mobile Unit Interface
6. Create Programming Dart Framework Flutter Mobile Model
7. Create Programming Dart Framework Flutter Mobile Request API
8. Create Programming Dart Framework Flutter Mobile Integrated Restfull API
9. Create Programming Dart Framework Flutter Mobile Images Network
10. Create Programming Dart Framework Flutter Mobile Variable
11. Create Programming Dart Framework Flutter Mobile Utility
12. Create Programming Dart Framework Flutter Mobile Integrated Firebase
13. Create Programming Dart Framework Flutter Mobile Artificial Intelligence
14. Create Programming Dart Framework Flutter Mobile SQLite
15. Create Programming Dart Framework Flutter Mobile SMS
16. Create Programming Dart Framework Flutter Mobile Message Notification
17. Programming Dart Framework Flutter Management Storage at Coding Mobile
18. Developer Programming Dart Framework Flutter Networking at Coding Mobile
19. Developer Programming Dart Framework Flutter Library Customize Code Mobile
20. Troubleshoot and fix bugs.
21. Patching and upgrading system.
22. Send progress report, make suggestions and discuss the task with client's Project Manager.
23. Review code and merge to master branch after developers push to Git repository
24. Deploy to staging and production servers.

Technology Digital : Java, Flutter, Dart, MVC, JSP, XML, HTML5, CSS3, Ajax, and JQuery, Apache, Tomcat, Jasper, Mysql Community

BANK HASAMITRA MAKASSAR

Programming Java Pojo Developer, Apache Tomcat, Mobile Programming Dart Framework Flutter Android and iOS, and MySQL

Application Internet Banking, Application Mobile Android and iOS

Responsibilities

1. Developer Programming Java application based on client requirements.
2. Daily stand up, provide suggestions, discuss challenges, update coding, and work collaboratively.
3. Create Programming Dart Framework Flutter Mobile Unit Interface
4. Create Programming Dart Framework Flutter Mobile Model
5. Create Programming Dart Framework Flutter Mobile Request API
6. Create Programming Dart Framework Flutter Mobile Integrated Restfull API
7. Create Programming Dart Framework Flutter Mobile Images Network
8. Create Programming Dart Framework Flutter Mobile Variable
9. Create Programming Dart Framework Flutter Mobile Utility
10. Create Programming Dart Framework Flutter Mobile Integrated Firebase
11. Create Programming Dart Framework Flutter Mobile Artificial Intelligence
12. Create Programming Dart Framework Flutter Mobile QR Code
13. Create Programming Dart Framework Flutter Mobile SMS
14. Create Programming Dart Framework Flutter Mobile SQLite
15. Create Programming Dart Framework Flutter Mobile Message Notification
16. Create Programming Dart Framework Flutter Mobile Theme
17. Programming Dart Framework Flutter Management Storage at Coding Mobile
18. Developer Programming Dart Framework Flutter Networking at Coding Mobile
19. Developer Programming Dart Framework Flutter Library Customize Code Mobile
20. Troubleshoot and fix bugs.
21. Patching and upgrading system.
22. Send progress report, make suggestions and discuss the task with client's Project Manager.
23. Review code and merge to master branch after developers push to Git repository
24. Deploy to staging and production servers.

Technology Digital : Java, Flutter, Dart, Database MySQL Community

BANK EKA BANDAR LAMPUNG

Programming Java Pojo Developer, Apache Tomcat, Mobile Programming Dart Framework Flutter Android and iOS, and MySQL

Application Internet Banking, Application Mobile Android and iOS

Responsibilities

1. Programming Java application based on client requirements.

2. Daily stand up, provide suggestions, discuss challenges, update coding, and work collaboratively.
3. Create Programming Dart Framework Flutter Mobile Unit Interface
4. Create Programming Dart Framework Flutter Mobile Model
5. Create Programming Dart Framework Flutter Mobile Request API
6. Create Programming Dart Framework Flutter Mobile Integrated Restfull API
7. Create Programming Dart Framework Flutter Mobile Images Network
8. Create Programming Dart Framework Flutter Mobile Variable
9. Create Programming Dart Framework Flutter Mobile Utility
10. Create Programming Dart Framework Flutter Mobile Integrated Firebase
11. Create Programming Dart Framework Flutter Mobile Artificial Intelligence
12. Create Programming Dart Framework Flutter Mobile QR Code
13. Create Programming Dart Framework Flutter Mobile SMS
14. Create Programming Dart Framework Flutter Mobile SQLite
15. Create Programming Dart Framework Flutter Mobile Message Notification
16. Create Programming Dart Framework Flutter Mobile Theme
17. Programming Dart Framework Flutter Management Storage at Coding Mobile
18. Developer Programming Dart Framework Flutter Networking at Coding Mobile
19. Developer Programming Dart Framework Flutter Library Customize Code Mobile
20. Troubleshoot and fix bugs.
21. Patching and upgrading system.
22. Send progress report, make suggestions and discuss the task with client's Project Manager.
23. Review code and merge to master branch after developers push to Git repository
24. Deploy to staging and production servers.

Technology Digital : Java, Flutter, Dart, Database MySQL Community

PD KK DISTRIBUSI (18 March 2017 to 30 April 2019)

Programming Java Android, PHP Native, PHP Framework Yii, PHP Framework Ci, Google Map Developer, Map Manager Cluster, Backend Restfull Api and Programming Parse JSON, Database Oracle, Division IT, and Supervisor IT

KK DISTRIBUSI

Programming Java Android and XML Android, PHP Native, Google Map Developer, Backend Restfull Api, Programming Parse JSON, and Database Oracle

Retail Food and Drink for Customer and Salesman

Application Android 4.0

Responsibilities

1. Programming Java application based on client requirements.
2. Daily stand up, provide suggestions, discuss challenges, update coding, and work collaboratively.
3. Create Programming Java Mobile Unit Interface XML
4. Create Programming Java Mobile Integrated API

5. Create Programming Java Mobile Handle
6. Create Programming Java Mobile Interface
7. Create Programming Java Mobile Dialog
8. Create Programming Java Mobile Declare
9. Create Programming Java Mobile Request
10. Create Programming Java Mobile Response
11. Create Programming Java Mobile Parser JSON String
12. Create Programming Java Mobile Parser Split String
13. Create Programming Java Mobile Images Network
14. Create Programming Java Mobile List Data
15. Create Programming Java Mobile Variable
16. Create Programming Java Mobile Utility
17. Create Programming Java Mobile Misc
18. Create Programming Java Mobile Artificial Intellegence
19. Create Programming Java Mobile QR Code
20. Create Programming Java Mobile Google Map
21. Create Programming Java Mobile SQLite
22. Create Programming Java Mobile Shared Preference
23. Developer Programming Java Mobile Customize Google Map
24. Management Storage at Coding Java Mobile
25. Developer Networking at Coding Java Mobile
26. Developer Programming Java Library
27. Developer Programming Java Library Customize Code Mobile
28. Create Programming PHP Native for API
29. Create Programming PHP Native for Integrated Oracle 11a
30. Create Programming Report PHP Native
31. Create Programming HTML, Javascript and CSS
32. Create Programming HTML, Javascript at Google Maps
33. Create Programming Report HTML, Javascript at Google Maps
34. Developer Google Maps at HTML, and Javascript
35. Create Programming SQL Query Oracle 11 at PHP Native
36. Create Programming SQL Query at View Oracle 11a
37. Troubleshoot and fix bugs.
38. Patching and upgrading system.
39. Send progress report, make suggestions and discuss the task with client's Project Manager.
40. Review code and merge to master branch after developers push to Git repository
41. Deploy to staging and production servers.

Technology Digital : Java, HTML 5, Javascript, CSS 3, Database Oracle 11a, PHP

LUMAYAN

Programming Java Android and XML Android, PHP Native, PHP Framework Yii, Google Map Developer, Backend Restfull Api, Programming Parse JSON and Database Oracle

Retail Food and Drink for Customer and Salesman

Application Android 7.0

Responsibilities

1. Programming Java application based on client requirements.
2. Daily stand up, provide suggestions, discuss challenges, update coding, and work collaboratively.
3. Create Programming Java Mobile Unit Interface XML
4. Create Programming Java Mobile Integrated API
5. Create Programming Java Mobile Handle
6. Create Programming Java Mobile Interface
7. Create Programming Java Mobile Dialog
8. Create Programming Java Mobile Declare
9. Create Programming Java Mobile Request
10. Create Programming Java Mobile Response
11. Create Programming Java Mobile Parser JSON String
12. Create Programming Java Mobile Parser JSON Object
13. Create Programming Java Mobile Parser JSON Array
14. Create Programming Java Mobile List Data
15. Create Programming Java Mobile Images Network
16. Create Programming Java Mobile Variable
17. Create Programming Java Mobile Utility
18. Create Programming Java Mobile Misc
19. Create Programming Java Mobile Artificial Intellegence
20. Create Programming Java Mobile QR Code
21. Create Programming Java Mobile Google Map
22. Create Programming Java Mobile SQLite
23. Create Programming Java Mobile Shared Preference
24. Create Programming Java Mobile Theme
25. Developer Programming Java Mobile Customize Google Map
26. Management Storage at Coding Java Mobile
27. Developer Networking at Coding Java Mobile
28. Developer Programming Java Library
29. Developer Programming Java Library Customize Code Mobile
30. Create Programming PHP Native for API
31. Create Programming PHP Native for Integrated Oracle 11a
32. Create Programming Report PHP Native
33. Create Programming HTML, Javascript and CSS
34. Create Programming HTML, Javascript at Google Maps
35. Create Programming Report HTML, Javascript at Google Maps
36. Developer Google Maps at HTML, and Javascript

37. Create Programming SQL Query Oracle 11 at PHP Native
38. Create Programming SQL Query at View Oracle 11a
39. Troubleshoot and fix bugs.
40. Patching and upgrading system.
41. Send progress report, make suggestions and discuss the task with client's Project Manager.
42. Review code and merge to master branch after developers push to Git repository
43. Deploy to staging and production servers.

Technology Digital : Java, HTML5, Javascript, CSS3, Database Oracle 11a, PHP

PT REKAYASA TEKNOLOGI INDONESIA (7 July 2015 to 7 July 2016)

Instrumentation Microcontroller and Data txt

Aircraft Device Instrumentasi aerospace at TNI AU in Bandar Udara Halim Perdana Kusuma Jakarta Timur Project Aerospace

Responsibilities

1. Programming C instrumentation on LCD screen and micro controller
2. Implementation micro controller instrumentation at aircraft
3. Technical support in planning, designing, and producing control equipment

Technology Digital : Technical, Wiring, Programming C, LCD Matrix, and Microtronics Arduino

TELKOM UNIVERSITY (23 November 2012 to 3 December 2016)

Assistant Lecturer Industrial Engineering PLC, SCADA, HYDRAULIC FLUID SYSTEM, Microsoft Excel, Industrial Simulation and STAFF IT

Instructor / Tutor / Teacher / Assistant Lecturer Lab. Industrial Engineering (Sispromasi)

Responsibilities

1. Provide modules and teach learning modules to students in the classroom
2. Provide training to students assisted by practicum tools and facilities in the laboratory
3. Create interactive lessons and instructional materials for distance learning and face-to-face classes

Technology Digital : PLC, SCADA, Wiring, Hydraulics, Industry Equipment, Microsoft Office, Microsoft Visio, Microsoft SQL Server, Network

Jobs Description STAFF IT PROGRAMMING PHP CMS Moodle, PHP CMS Wordpress, PHP Native (Programming Internet) MACROMEDIA SIMULATION and MySQL

Responsibilities

1. Building Website Programming PHP CMS Wordpress Telkom University,
2. Building Website Programming PHP CMS Wordpress Faculty of Industrial Engineering, and
3. Building Website Programming PHP CMS Moodle e-learning

Technology Digital : HTML5, CSS3, PHP, JQuery, Javascript, MYSQL, CMS, and Network

Reward :

1. **Best Assistant Lecturer Telkom University**
2. **Predicate "Best Practice" in Telkom University E-Learning**

Internship

PT. PUTRA BANGSA SEJATI (17 October 2010 to 17 October 2011)

Microsoft Office Excel System Analyst Test Bench

Responsibilities

1. Analyze, data mapping, diagrams, and flowcharts
2. Provide documentation of all processes
3. Monitor systems health, gather system statistics, and troubleshoot reported errors and alarms

Technology Digital : Software Calibration Test Bench, Microsoft Word, Microsoft Excel, Microsoft Visio

CV ARION TEKNIK MANDIRI, AND BALAI RISET STANDARDISASI INDUSTRY SURABAYA (31 August 2007 to 7 January 2009)

Instrumentation PLC, HMI, IoT, SCADA, Data CSV, Microsoft Visual Basic and Microsoft SQL Server

Climatic Chamber Jobs Task by Industry in Surabaya

Instrumentation PLC, SCADA, Microsoft Visual Basic and Microsoft SQL Server

Responsibilities

1. Create PLC programs and make applications in SCADA in project climatic chambers
2. Design and layout interfaces in project climatic chambers
3. Create a trend of real time activity in the project climatic chamber
4. Create a data record of activity in the project climatic chamber
5. Instrumentation implementation in project climatic chamber
6. Automating industrial machinery in project climatic chambers
7. Calibrating industrial machinery in project climatic chamber
8. Training the use of industrial machinery in the climatic chamber

Technology Digital : PLC, SCADA, Wiring, Industry Equipment, Microsoft Office, Microsoft Visio, Microsoft SQL Server, Microsoft SQL Access, Microsoft Visual Basic 6.0, Network

Precession Air Conditioning Jobs Task by Cikupamas Tangerang Banten Instrumentation PLC, HMI, SCADA, and Data CSV

Responsibilities

1. Create PLC programs and make applications in HMI in project precision air conditioning
2. Design and layout interfaces in project precision air conditioning
3. Create a trend of real time activity in the project precision air conditioning
4. Create a data record of activity in the project precision air conditioning
5. Instrumentation implementation in project precision air conditioning
6. Automating industrial machinery in project precision air conditioning
7. Calibrating industrial machinery in project precision air conditioning
8. Training the use of industrial machinery in the precision air conditioning

Technology Digital : PLC, HMI, Wiring, Report, Data CSV, Pull Data, Record Data

RELATED SKILLS CERTIFICATION

- ✓ Website Backend : Java (Pojo and Springboot), Kotlin (Springboot), PHP (Laravel, CodeIgniter, Yii), Nest JS, Type Script, Golang, Yaml, JSON, XMLN, Python, ASP .NET, C, C++, C#, Ajax, Java Script, and more
- ✓ Website Frontend : JQuery, Node JS, Vue JS, Nest JS, React JS, HTML 5, CSS 3, Template, Themeleaf, Quasar, XML, Dart, Bootstrap, Microsoft Front Page and more
- ✓ Application Desktop : Java GUI, Microsoft Visual Studio .Net, Pascal, C, C#, Cpp, Python, Mono Develop, Microsoft Visual Basic, Qt, Delphi 7.0, and more
- ✓ Multimedia : Macromedia Flash, Adobe Animation Flash, 4D Animation, 3D Maxs, Sketch UP, Premiere Video Editing, Blender, and more
- ✓ Design : Adobe Dream Weaver, Adobe Photoshop, Auto Cad, Cad Libre, Corel DRAW, Bootstrap Studio, Visual Code, Notepad++, Android Studio, Microsoft Visio, and more
- ✓ Mobile Platform : Android (Java and Kotlin), iOS (Swift), Java, React JS, Flutter, Dart, C, MoSync, Phone Gap, Midlet Pascal, Responsive, Three JS, Unity 3D or 2D, WebGL and more
- ✓ Database : MySQL Community, Microsoft Access, Microsoft SQL Server, PostgreSQL, Oracle 11a, SQLite, DB Hibernate, CSV and more
- ✓ Server : Apache 2, Tomcat, Xampp, Laragon, Terminal, Command, and more
- ✓ Cloud : Amazon Server AWS, Kubernetes Cloud Platform, and more
- ✓ Repository : Gitlab, Github, Bitbucket and more
- ✓ Operation System : Windows Desktop, Windows Server, Mac OSX, Linux Mint, Debian, Android, Chrome OS and more
- ✓ Virtual Machine : Docker, VM Ware, Virtual Box and more
- ✓ Computer : Windows, Android, Linux, Mac Pro / Air, and more
- ✓ Office : Microsoft Word, Microsoft Excel, Microsoft Power Point, Microsoft Visio, WPS, Libre Community, Apache Sun, and more
- ✓ Industry Automation : Microcontroller, Mechatronica, Electronics, SCADA, HMI, PLC, Hydraulic, CNC, Robotic Fanuc and more
- ✓ and more
